

# Financial Health Assessments & Budget Calculators

Whether you're planning your spending, saving for the future, borrowing wisely, or strategizing your financial goals, FinFit's personalized financial assessments and budget calculators are here to help you do just that.

## Financial Health Assessments

- Identify your financial goals and determine a path to achieve them.
- Receive an overall personalized financial wellness score and a detailed results report directing you to relevant educational resources and products within the FinFit platform.
- Your information is completely private and will not be shared with any organization, including your employer.

## Budget Calculators

It's easy to figure out what things cost when you have the right calculators to get you the answer. Pick your topic from 20 available calculators and get your answers!

- Determine how much vehicle or home you can afford, calculate your auto payments, or assess the impact of increasing your 401(k) contribution.
- Explore options for consolidating debt, estimating tax refunds, or deciding between paying down debt or investing your surplus.
